

## **Music Folder Order**

You are responsible for keeping your music folder organized and up-to-date. You will have music, theory worksheets, journal entries, listening activities and a miscellaneous section. Forms need to stay in the correct section and in the order that they are assigned. If you lose your notebook or worksheets, I will not replace them. You will need to go to the music website and download the pages you are missing. [www.lcmamusic.org](http://www.lcmamusic.org)

### **Please set your folder up in this order:**

- Section 1: Plastic Protectors with Music
- Section 2: Song Analysis  
(You will do one for each song that we learn)
- Section 3: Journal  
(You need some notebook paper in this section)
- Section 4: Listening Activities  
(Music and Literacy Activity)
- Section 5: Worksheet Handouts  
(When absent get worksheet out of missing work tray.)
- Section 6: Lesson Essential Questions and Unit Questions

We will be using your folder every day. Your assignments are graded and you will be turning in your notebook each Friday for a grade. You will have a warm-up assignment at the beginning of each class.

To quickly identify each section you can either use tabs or you can use colored paper between each section. Please label each section- make it fun if you wish. 😊
